

HAND PROTECTION

Supported Rough Finished Neoprene Gloves

DESCRIPTION

These 22 mil supported chemical handling gloves are constructed with black neoprene and lined with a seamless cotton liner. The grip of the palm and fingers is enhanced with a rough finish and the gloves are 15 inches in length.

INDUSTRY

Chemical Handling	Petrochemical
Material Handling	Cleaning
Laboratory Work	Food Processing
Degreasing	

ITEM **245CT**

SIZES **ONE SIZE**

FEATURES

- Soft, cotton seamless liner is permanently adhered inside of the 22 mil neoprene shell. This post-process method ensures that the neoprene shell is a consistent thickness for the entire length of the glove
- The inserted liner provides extra comfort and durability compared to standard supported gloves
- Neoprene resists a wide range of chemicals, including acids, caustics, oils and alcohols
- Rough finish provides great wet grip
- Component materials comply with FDA regulations for food contact
