SQUIDS® 3195 CELL PHONE TOOL TETHERING KIT - 1LB / 0.5KG

The Squids® 3195 Cell Phone Tool Tethering Kit includes a 3156 Coil Tool Lanyard with Single Carabiner and one 3760 Water Resistant Phone Pouch & Trap – Plus Size 4.5in W x 9.5in H // 11.5cm W x 24cm H. This tool tethering kit allows you to tether one standard or plus sized cell phone weighing up to 1lbs / 0.5kg, making it easy to carry and use your cell phone on the job while preventing dropped objects when working at heights.

The 3156 Coil Tool Lanyard is more than just a small tool and hard hat lanyard. Built and tested to endure tough conditions and rated to support weight up to 2lbs / 0.9kg, the coiled lanyard is made with a low-profile design and durable plastic. With the lightweight aluminum carabiner on one end and a tethering loop on the other, it easily connects to tool anchors and attachments, even while wearing gloves. The coiled tether design reduces lanyard length to prevent snag and tangle hazards. The coil stretches from a compact 12in to 48in / 30cm to 122 cm.

The cell phone pouch is made of a clear touchscreen material that provides protection while still allowing touchscreen use and access to both the front and rear cameras of smartphones. The heavy-duty, easy-to-use zipper closure system safely secures the device inside the cell phone holder. There is a steel grommet/ring on the bottom to attach the compact 3156 Coil Tool Lanyard for a complete tethering system. The sides of the smartphone pouch are made of heavy-duty, water-resistant

- Approved to the ANSI/ISEA 121-2018 standard
- Kit includes:
- One 3760 Water Resistant Phone Pouch & Trap – Plus Size
- One 3156 Coil Tool Lanyard with Single Carabiner
- Patented design to fit and tether one standard or plus sized cell phone without having to remove other aftermarket cell phone cases
- Third party certified to a maximum tethering capacity of 1lb / 0.5kg
- 3760 Cell Phone Pouch features:
- Water resistant main material protects cell phone from rain, snow, dirt, dust and sand
- Clear touchscreen material allows for full screen and camera functions
- Heavy-duty zipper securely holds cell phones inside the pouch
- Steel grommet/ring can be used to easily connect a tool lanyard
- 3156 Coil Lanyard features:
- Coiled lanyard design prevents snag and tangle hazards
