| ORDER IN MULTIPLES OF: 6 |           |

### CUSTOMIZE WITH YOUR LOGO >>>

The Squids® 3405MD Glove Clip Holders not only help prevent dropped objects, they also signal metal detectors in food processing to prevent them from becoming harmful foreign objects themselves. The patented grabber glove clips keep your face masks, gloves, rags, keys and whatever else always seems to become a mysteriously lost object close at hand. The belt clip version keeps items closer by conveniently threading over a belt or pocket.
