

SPECIFICATION SHEET

390-EZHYP

EZ-COOL® MAX COMBINATION PHASE CHANGE & EVAPORATIVE COOLING VEST

- Lightweight, Active Fit, Durable. Reduce fatigue and heat stress to improve concentration and performance
- Includes cooler bag for storage and transport of vest and packs. Extends activated cooling inserts effectiveness while in transport and provides convenient storage to help keep components clean and together
- Quilted nylon exterior with Hyperkewl® Plus™ technology fabric interior with a water repellent nylon liner
- Multi-layered fabric technology provides improved effectiveness without the slimness and swelling of other similar fabrics
- Several hours of cooling relief without the bulky/loose fit of similar traditional cooling vests
- Mesh ventilation & scoop neck
- Zipper Closure
- Can be worn over a shirt or without
- Packs are available to purchase separately for backup

APPLICATIONS

- Roadway construction workers
- Mining
- Farming
- Emergency response personnel
- Industrial sites
- Sporting events

CARE INSTRUCTIONS

Remove cooling packs before washing. Machine Wash Cold, Do Not Iron, Do Not Bleach, Air Dry. Always store in clean, dry conditions. DO NOT store in places subject to direct, strong sunlight.
