

S109LED KNIT CAP

This unique knit cap features a removable LED light that turns on and off with a simple click. Three modes of brightness allow you to control the level of illumination.

INCLUDED:

1. Knit Cap
2. LED light with built-in rechargeable battery

PRODUCT SPECIFICATIONS:

Charging voltage: 5V
Charging current: 120mA
Power rating: 1W
Battery life: Approx. 2 – 8 hrs based on brightness level

WASH INSTRUCTIONS:

Important: Remove LED light before submerging knit cap in water.

1. Remove the LED light by gently pushing it out of the rubber frame on the cap.
2. Machine wash warm with like colors.
3. Tumble dry on low heat.

OPERATING INSTRUCTIONS:

1. Press the LED button once to turn on the light.
2. Each additional press will allow you to decrease the brightness of the LED light. There are three brightness levels in total.
3. To turn off the light, press the LED button until it cycles through all brightness levels, the final press will turn it off.

CHARGING THE LED LIGHT:

1. Remove the LED light by gently pushing it out of the rubber frame on the cap.
2. Remove USB cap as pictured (right).
3. Connect USB to any compatible charging port. The LED will illuminate red while charging and will change to blue when fully charged. Charging time is approximately 1.5 hours.
