

Technical Data

Color	Black, Black/Blue
Sizes Available	8.5-M13
Packaging	Boxed
Packed	10 Pair/Case
Case Dimensions (in)	25.39 x 17.72 x 13.39
Case Weight (lbs)	41.34
Footwear Height	Low
Footwear Insole	evercushion RELIEF
Footwear Width	D
Gender	Men
Lining	BreathActive
Material	Leather
Toe Type	Aluminum
Construction	Slip Resistant
Certifications	TAA Compliant, ASTM F2413-18
Product Circularity	--

PUMA® Safety

PUMA SAFETY RIO BLACK LOW ASTM SD

- **METRO SOLE** - The unique full TPU outsole provides the performance features, you know from high performance soccer shoes, for the first time in safety footwear i.e. slim sole design, high durability, top grip and great flexibility. The two-colored TPU sole comes with an EVA cushioning pad in the heel area. The drawn up scuff cap avoids abrasion of the leather in the toe area while working on your knees.
- **idCELL** - The idCELL element in the heel area consists of EVA, a very soft, shock absorbing material. It perfectly absorbs impacts and shocks when the heel strikes the ground.
- **UPPER** - We use high quality materials to combine superior comfort with best performance of the METRO PROTECT collection. It's the fusion of safety and lifestyle.
- **EVERCUSHION® PRO** - The structure of the evercushion® pro insole provides lightweight cushioning from the beginning until the end of the movement, thus relieving the pressure zones. Its durable fabric cover and the perforated area at the forefoot ensure both breathability and comfort.

Performance Data

ASTM F2413 Requirement	--Compression Resistance--
	Impact Resistance--Static
	Dissipative Properties--

Care Instructions

Hand Wash
