The Chill-Its 6489 2-Layer Cooling Multi-Band meets CDC and WHO recommendations for multiple layers of protection while also shielding the face and neck from sun, dust and flying debris. When worn as a face covering, a nose clip along the top makes for a comfortable and secure fit while also reducing eyewear fogging.

Evaporative technology can be easily activated with water for immediate cooling relief. This neck tube is rated to UPF 50+ for protection against the sun's harmful UV rays and features an anti-odor treatment for fresh all-day wear. A reflective accent enhances visibility in low-light conditions.

Available in three sizes (S/M, L/XL, 2XL/3XL) to fit a variety of face and head sizes. Ideal for anyone requiring two layers of face protection, particularly those who are working or spending excess time in the heat.
