93840G

Cut Protection Specification Sheet

PRODUCT DESCRIPTION:

This MCR Safety Cut Pro® glove with Hero™ Technology is made of a high performance cut resistant material that achieves high levels of cut and comfort. The blended ARX® and stainless steel fibers are used for general purpose work applications to provide cut and abrasion resistance when working with sharp objects. Some styles are stripped or dotted to provide a better grip and increase durability. The 93840G are uncoated cut resistant work gloves that provides good comfort, sense of touch, and manual dexterity. It also features a 3.5 inch extended cuff for additional protection. Looking for the best cut resistant gloves? Look no further than MCR Safety's Cut Pro® options.

FEATURES:

- 13 gauge ARX® aramid engineered shell with stainless steel
- Provides manual dexterity and sense of touch
- Seamless and uncoated
- Touchscreen friendly
- Breathable, comfortable and easy to wear
- 3.5 Inch extended cuff for added protection

APPLICATIONS:

Agriculture, Assembly Line Production, Baggage Handling,
Construction, Landscaping, Recycling, Salvage, Warehousing
