9674 UltraTech Dipped Specification Sheet

PRODUCT DESCRIPTION:

The next generation of gloves requires the next generation in manufacturing. MCR Safety's state-of-the-art manufacturing facility produces premium NXG® brand gloves with advanced coatings, utilizes 21st-century manufacturing efficiencies, and does so with environmentally friendly production methods. Our NXG® styles are well suited for Multi-Industrial applications that require high dexterity and comfort and are manufactured on seamless knit liners that are flat dipped to reproduce the natural curved shape of the hand. As a result, workers benefit from less hand fatigue and greater productivity while performing detailed tasks to heavy duty jobs. The 9674 features a seamless 15 gauge white nylon shell and a gray nitrile foam coated palm and fingertips that will enhance wet or dry gripping power. It can also be used as a touch screen glove. If you are looking for the best work gloves, be sure to check out MCR Safety's NXG® options! To learn more, [visit our NXG® landing page here.](#)
