

A356 - ESD 15 Nitrile Essential Multipack ESD Gloves (Pk12)

Collection: ESD Gloves

Range: HAND PROTECTION

Materials: Nylon, Elastane, Carbon Fiber, Polyester

Dipping:

Outer Carton: 24

HAND PROTECTION

A wide and increasing range of Hand Protection styles is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products.

Product information

Introducing the A356 ESD 15 Nitrile Essential Multipack (Pk12) – a cutting-edge fusion of Nylon, Elastane, Carbon Fibre, and Nitrile Micro Foam, meticulously designed for superior performance, Electrostatic Discharge (ESD) protection, heightened tactile sensitivity with its 15 Gauge Liner, and featuring an ultra-thin coating as a standout feature. This Essential Multipack is tailored to meet the demands of your work environment, ensuring you have a convenient supply of advanced gloves. Key Features:

- **Nylon and Elastane Blend:** The A356 ESD 15 Nitrile Essential Multipack (Pk12) features a carefully crafted blend of Nylon and Elastane, striking the perfect balance between strength and flexibility. This combination ensures optimal dexterity, vital for tasks that demand precision, while maintaining the ESD protection integrity.
- **Carbon Fibre Reinforcement:** Reinforced with Carbon Fibre in critical areas, this glove provides added durability and resistance to wear. The Carbon Fibre reinforcement enhances ESD protection, ensuring a reliable shield against static discharge during sensitive operations.
- **15G Nitrile Micro Foam Coating with ESD and Ultra-Thin Properties:** Coated with a specialized 15 Gauge Nitrile Micro Foam, the glove offers an exceptional grip in wet and dry conditions while boasting ESD properties. The ultra-thin coating maximizes tactile sensitivity, allowing for precise movements during intricate tasks.
- **Ultra-Thin Coating Feature:** The ultra-thin coating is a standout feature, providing unparalleled tactile sensitivity. This allows for heightened precision in tasks while maintaining excellent protection against ESD.
- **ESD Safe Design:** The A356 ESD 15 Nitrile Essential Multipack (Pk12) is meticulously engineered with ESD safety as a top priority. It complies with industry standards for electrostatic discharge protection, making it an indispensable tool for professionals working in electronic assembly, manufacturing, and environments where static-sensitive equipment is present.
- **Breathable and Comfortable:** Designed for extended use, the glove incorporates breathability to keep your hands cool and comfortable. The 15 Gauge Liner ensures maximum flexibility and sensitivity, allowing you to perform tasks with ease while maintaining protection against ESD.
- **Secure Fit with ESD, Ultra-Thin, and 15 Gauge Liner Compliance:** The glove is expertly crafted with a secure and snug fit, enhancing overall comfort and control. Its ESD compliance ensures that you protect your hands and sensitive electronic components, while the ultra-thin coating and 15 Gauge Liner add a level of tactile sensitivity for tasks that require precision.
- **Essential Multipack (Pk12):** Elevate your convenience with the A356 ESD 15 Nitrile Essential Multipack. Each pack contains 12 pairs of gloves, ensuring you have an ample supply of these advanced gloves to meet the demands of your work environment. Upgrade to the A356 ESD 15 Nitrile Essential Multipack (Pk12) and experience the next level of hand protection with integrated Electrostatic Discharge functionality, a 15 Gauge Liner, an ultra-thin coating, and the convenience of being sold in packs of 12. Elevate your safety standards, precision, and performance in environments where technology, sensitivity, and durability are paramount.

Standards

ANSI/ISEA 105 - 2016 ABRASION Level (3)
ANSI/ISEA 105 - 2016 PUNCTURE Level (2)
ANSI/ESD S20.20-2021
IEC 61340-5-1:2016
EN ISO 21420:2020 Dexterity 5
EN 388:2016 +A1:2018 (4131X)
EN 16350:2014

Features

- Suitable for use in ESD environments
- Nitrile micro foam coating perfect for ultra high dexterity tasks
- 15 gauge liner for extra dexterity
- This glove can be used with most cell phone touchscreen devices
- Silicone free - Ideal for manufacturing, paint applications, electronics and glass handling where silicone is problematic
- Sold in pack of 12 pairs for great value
- Wash at 105F
- New style
- Wash at 40°C using non-biological detergent, re-shape after wash. Do not tumble dry.
