

DuraScriTM High Strength. Low Cost.

The Icon for premium breathable, high visibility outerwear.

DuraScriTM Double Coated PVC On Polyester Suit Offers Durability At An Economy Price.

Extremely high tear strength is the result of an open weave polyester scrim fabric being sandwiched between two layers of flame resistant PVC coating.

- A Therm-O-Rad sealed seam construction for good chemical splash protection
- Thicker outside coating for better abrasion resistance
- Lighter interior coating protects fabric from chemical contamination
- Flame resistant. Self extinguishing with flameout and afterglow less than 2 seconds after removal of ignition source. Test method ASTM D6413
- Mildew Resistant

Ideal Applications: Light Chemical, Construction, Utilities, Agriculture, Food Processing, General Industry, and Hydroblasting.

Durascri Jacket

- Full cut shoulder with 90° sleeve to body angle for freedom of movement.
- Storm fly front seals out wind, rain, and contaminants.
- Non-conductive, non-corrosive hardware.
- Self material collar resists contamination.

Yellow detachable hood snaps onto Jacket
Sold Separately as
ITEM # H56107.LG

Lighter interior coating
protects fabric from
chemical contamination

Take-up snaps on sleeves
for adjustable fit
