FIRE SERVICE

MEN'S WILDLAND DUAL-COMPLIANT TACTICAL PANT

Designed for exceptional durability, functionality and on-the-job performance, our Wildland/Urban Interface specialty line includes FR station wear garments that are certified to both NFPA® 1975 and NFPA® 1977. Developed using recommendations from the Department of Homeland Security Wildland Firefighter PPE clothing system, this single-layer, dual-purpose pant reduces the likelihood of heat-related injuries while offering increased mobility and comfort when compared to a double-layer option.

FP62
