

FROGWEAR® SAFETY WEAR

Self-Extinguishing High-Visibility Short-Sleeved Vest

ITEM GLO-011FR

SIZES M-5XL

DISCLAIMER: Self Extinguishing garments are made from material that is not inherently flame retardant, but are chemically treated to become flame resistant. They are NOT designed for use in ARC flash or flash fire applications. When a flame source is removed from the treated material, the material will self-extinguish within a given time frame. The treated material can melt and drip and has a limited life span dependent on washings and what the garment is exposed to. Performance is established using the ASTM D6413 test method.

FEATURES

- Made with mesh polyester material for extra breathability
- Silver reflective material enhances low-light visibility
- High-visibility yellow/green
- Mic tabs on shoulders
- Self-extinguishing as defined by ASTM D6413 (<2.0s flameout / <6" char length). This garment should never be used where an arc flash or flash fire hazard is present. Self-extinguishing properties diminish with washing.
- Total Pockets: Three - (1) outside and (2) inside
- Zipper closure
- ANSI Class 3 Compliant
- ANSI HVSA Type R
