Miller®

Top-Mounted Ladder Bracket for SRL Systems, Galvanized Steel

- Made from galvanized steel for enhanced strength and corrosion resistance
- Includes an inline shock absorber for added safety during falls
- Comes with all necessary hardware, including hex nuts, lock washers, bolts, flat washers, and mounting plates
- Designed for fixed ladders with specific rung dimensions, ensuring compatibility and straightforward setup
- Provides a secure anchorage point for ladder climbing, reducing risks associated with working at heights
- Suitable for various industrial environments, ensuring worker safety during ladder use
- Meets OSHA 1926.502 and ANSI Z259.2.1 standards, ensuring reliable fall protection
