Hydroblast HB2

Goggles

Series

Specification Sheet

PRODUCT DESCRIPTION:

U.S. Safety glasses are designed to provide solution-based eyewear protection. This brand is distinguished with application based, stylish design elements and superior coatings for work and play. The Hydroblast® goggle features a unique co-injected super soft TPR seal that allows for better, yet more comfortable fit. The low profile athletic design and 7-Point Ratchet action temple allow for all day comfort and adjustability. The Hydroblast® are indirect vented and dielectric which are often used in chemical environments. It is available with adjustable hook and loop elastic strap or adjustable rubber strap. The Hydroblast® goggle will be available with Clear AF, Gray AF, Clear Max 6™ and Gray Max 6™ lens options.

FEATURES:

- Co-injected Super soft TPR seal allows for better, yet more comfortable fit
- Low profile athletic design
- 7-Point Ratchet action hinge
- Indirect Vented
- Dielectric
- Adjustable hook and loop elastic strap
