

AMERICANA® CLIMBING TYPE II WITH MIPS® SAFETY SYSTEM

Our new Americana® Climbing Type II is the ideal safety helmet to protect you in all circumstances while remaining comfortable throughout the day, and it has just been improved with the addition of the Mips® safety system in both our Wind and Peak style safety helmets.

Wind vented version

Natural convection airflow for comfortable extended wearing. Also available in non-vented Peak.

YOUR
LOGO
HERE

Short peak brim

Better vertical field of view for more safety.

4-Point Chin Strap Included

Durable nylon strap with woven webbing and slider size adjustments with deluxe chin guard.

Mega Ratchet® 4-Point suspension with Mips® safety system and Type II insert

One-handed adjustment with or without gloves. Mips® technology and Type II insert are designed to address multidirectional impacts.

Type II insert protects the wearer from lateral & top impacts to the helmet.

The Mips® safety system's low friction layer is designed to move slightly inside the helmet to help redirect forces away from the head in an impact.
