

High-Visibility Impact Protection Gloves

DESCRIPTION

Constructed with high-visibility orange nylon, these gloves feature a Mach Finish nitrile-coated palm with padding sewn underneath. Anti-impact TPR adds additional protection to the fingertips and back of the hand. The palm is coated with double-dipped Mach Finish nitrile to enhance grip and prevent liquid saturation.

Each pair is individually hang-tagged for retail sale.

INDUSTRY

Oil and Gas	Petrochemical
Construction	Utilities
Mining	

FEATURES

- TPR impact protection helps prevent injuries to back of hand
- Outstanding grip in wet or oily situations
- Double-dipped Mach Finish nitrile prevents liquids from saturating through the gloves
- Padding sewn into the palm aids in vibration dampening
- Reinforced thumb crotch extends wear resistance and the life of the glove
