

ARALENE®

Cut and Heat Resistance That Stays Clean

Offering heat and cut resistance with dexterity, these gloves retain their color, their **BLACK SEAMLESS SHELLS HIDE DIRT** for a continually clean appearance.

K500LF - Cut Resistant Leather Palm

Featuring an enhanced Aralene® shell that offers cut resistance, heat resistance, and dexterity. Premium split cowhide leather palm is sewn with aramid fiber and features a reinforced thumb crotch.

CR588MF - Lightweight Cut, Heat Resistant

Black enhanced Aralene® shell offers cut resistance, heat resistance and dexterity while remaining clean longer. These gloves feature a Mach Finish nitrile coated palm for grip in wet or oily situations.

355KV - Latex Coated Cut Resistant

The unique waffle finish improves grip in wet conditions while the enhanced Aralene® shell offers cut resistance, heat resistance and dexterity in a dark shell that stays cleaner longer.

CR399 - Cut, Liquid and Heat Resistant

The puncture resistant coatings feature fully dipped latex coating that resists moisture and a foam rubber palm dipped second coating that improves grip. The enhanced yellow Aralene® shell offers cut resistance, heat resistance and dexterity.

CR600MF - Heavyweight Cut Resistant

Featuring high cut resistance with impressive dexterity, the enhanced Aralene® shell offers cut resistance, heat resistance and dexterity and presents a clean appearance. The Mach Finish nitrile coated palm improves grip in wet or oily situations.
