

HAND PROTECTION

Synthetic Leather Reinforced Mechanics Style Gloves

DESCRIPTION

This performance mechanic style glove features flexible spandex over AireFlex® synthetic leather. AireFlex® typically performs better than goatskin, pigskin and split cowhide leather in abrasion testing. The thumb, fingertips and back of hand are reinforced to extend the life of the glove.

Each pair is individually hang-tagged for retail sale.

INDUSTRY

Mechanics	Plumbing/HVAC
Pneumatic Work	Assembly
Carpentry	Manufacturing
Machinery	Roofing

ITEM **HR3200**

SIZES **8(M)-11(2XL)**

FEATURES

- Contoured hand form reduces hand fatigue
- Better dexterity and abrasion than natural leathers
- Reinforced thumb, fingertips and back of hand
