6001 Dura Shield Disposable Specification Sheet

PRODUCT DESCRIPTION:

Nitrile gloves contain no latex proteins and offer excellent resistance to punctures and tears. They are three times more puncture resistant than rubber and can be used to offer superior resistance to many types of chemicals. This glove is an excellent alternative for individuals who experience allergic reactions to latex. The Durashield nitrile disposable gloves are 4 mil, textured, have a rolled cuff and are powder free. Component materials comply with all federal regulations for food contact. Gloves are CFIA compliant for food applications.

FEATURES:

- 4 mil, Blue Powder Free Nitrile
- Component materials comply with all federal regulations for food contact
- Gloves are CFIA compliant for food applications
- Textured finish
