CP14R

MCR Guard

Unsupported Specification Sheet

PRODUCT DESCRIPTION:

MCR Guard has been battle tested in conflicts around the world and offers excellent permeation resistance to most acids, aldehydes, alcohols, amides, bases, esters, and ketones. These gloves are produced domestically with a unique solution dipped process. No other process can achieve such a tight molecular structure, the key to chemical impermeability. MCR Guard is made with the finest Butyl rubber for outstanding protection. The CP14R is a 14 mil textured finish glove that features a rolled cuff and is 14 inches in length for added protection. MCR Safety's Butyl glove options are anti-static.

FEATURES:

- Excellent Chemical Resistance
- 14 inch Gauntlet
- 14 mil textured finish
- Component materials comply with all relevant federal regulations for food contact
- Anti-static

APPLICATIONS:

First responder, Laboratory Technician, Aerospace, Agriculture, Biomedical, Food, HazMat

TECHNICAL DATA FOR: CP14R

Series	MCR Guard	Overall Length	14 in.
Material Group	Unsupported		
Product Type	Unsupported		
Glove Size	Large		
Material	Butyl		
Grade	Industrial Grade		
Features	Sold by pair		
Lining	Unlined		
Thumb Style	Wing		
Made In	USA
