CP25R

MCR Guard

Unsupported Specification Sheet

PRODUCT DESCRIPTION:

MCR Guard has been battle tested in conflicts around the world and offers excellent permeation resistance to most acids, aldehydes, alcohols, amides, bases, esters, and ketones. These gloves are produced domestically with a unique solution dipped process. No other process can achieve such a tight molecular structure, the key to chemical impermeability. MCR Guard is made with the finest Butyl rubber for outstanding protection. The CP25R is a 25 mil rough finish glove that features a rolled cuff that is 14 inches in length for added protection.

FEATURES:

- 25 mil Butyl Rubber
- Excellent Chemical Resistance
- 14 inch Gauntlet Cuff
- Rough Finish
- Component materials comply with all federal regulations for food contact

APPLICATIONS:

First responder, Laboratory Technician, Aerospace, Agriculture, Biomedical, Food, HazMat, Petrochemical industries
